DESIRED POSITION	Full Stack Developer

Work Experience

DATES	December 2023 – present
POSITION	Full Stack Developer
RESPONSIBILITIES	My primary duty here is modernizing and in some cases, rebuild existing websites and software UI/UX. I actively participate in daily meetings to brainstorm ideas and implement new features to improve the experience of everyone using the services.
EMPLOYER / ADDRESS	Open Institute & eMedia / Cincinnati, Ohio, USA
TYPE OF BUSINESS	Digital Asset Management & Distribution Platform
DATES	March 2020 – December 2023
POSITION	Full Stack Developer
RESPONSIBILITIES	I have built product designer/prototyping application and company portfolio sites for this client. Some of the web application I developed for them primarily using React includes Prize Wheel Designer, Popcorn Box Designer, Paper Bag Designer, and Customer Support Chat System.
EMPLOYER / ADDRESS	Andreas Konopinski / Hamburg, Germany
TYPE OF BUSINESS	Wholesaler of Promotional items & Packaging

DATES	January 2021 - Sep 2023
POSITION	Full Stack Developer
RESPONSIBILITIES	I have built several financial calculators and survey tools for this client. The largest project was a customized playbook system for companies to train employees. It was built using React and Laravel.
EMPLOYER / ADDRESS	Cédric Royer / Bulgaria
TYPE OF BUSINESS	Accounting and Financial Consultation

DATES	January 2022 - Sep 2023
POSITION	Front End Developer
RESPONSIBILITIES	I have developed quite a few NFT showcasing websites for this client. All the sites were built on React + Gatsby and had real-time search and explore filters.
EMPLOYER / ADDRESS	Matt Walker / Philadelphia, USA
TYPE OF BUSINESS	NFT and Web3

DATES	July 2017 - December 2019
POSITION	Full Stack Developer
RESPONSIBILITIES	It is the largest Q&A website in Bengali. I was the primary developer responsible for moving the website from a pre-built WordPress CMS to a custom, coded-from-scratch website and expanding its features.
EMPLOYER / ADDRESS	Ariful Islam / Rongpur, Bangladesh
TYPE OF BUSINESS	Q&A Platform
